Video Recorder 600 Series
8/16 ch. DVR

Quick install
16-channels

8-channels
Quick install

To get the unit quickly operational, make the connections described below and then enter the relevant data in the Quick install menu. The Quick install menu appears the first time the unit is started.

Connections

Primary connections
1. Connect the cameras to the VIDEO IN BNC connectors (automatically terminated).
2. Connect monitor A to the VGA MON A output supporting 800x600 (4:3), 1024x768 (4:3), or 1280x1024 (5:4), 1366x768 (16:9) and 1440x900 (16:10).
3. Connect USB mouse to a USB port.

Optional connections
1. Connect monitor B to the VGA MON B connector (supporting 800x600).
2. Connect up to 4 audio signals to the AUDIO IN RCA (CINCH) inputs.
3. Connect 2 AUDIO OUT RCA (CINCH) outputs to the monitor or an audio amplifier.
4. Connect up to 8/16 ALARM IN inputs (via the supplied terminal blocks).
5. Connect up to 4 ALARM OUT outputs (via the supplied terminal blocks).
6. Connect a pan/tilt/zoom control unit to the RS-485 port (via the supplied screw terminal block).
7. Connect to your network via the Ethernet port.
8. Connect a Bosch Intuikey keyboard cable to the Keyboard-IN port if required.

Powering up

Switch on all connected equipment.
- Connect the power unit to the AC power outlet.
- Connect the DC power cord to the 12VDC connector on the unit.

First-time use

The Quick install menu opens the first time the unit is used. Fill in the basic settings in the three tabs to get the unit operational. The unit begins recording automatically when the Quick install menu is closed.

To open the Quick install menu at any other time:
1. Press the menu key to bring up the System Control Bar.
2. Press the menu key again to enter the main menu.
3. Select System, then the Configuration submenu, and finally Quick install.

Navigating

Use the supplied USB mouse. Alternatively, use the following front panel keys:
- Use the enter key to select a submenu or item.
- Use the arrow keys to move through a menu or list.
- Use the exit key to go back or to switch off the menu.

After bootup, the unit presents the log in screen over a quad display. The default User ID is ADMINISTRATOR, the default password is 000000 (six zeros).

Quick install menu

The Quick install menu contains three tabs: International, Continuous Recording, and Network. Click the Exit button to exit the Quick install menu. Changing Quick install settings overwrites customized settings.

International

<table>
<thead>
<tr>
<th>Language</th>
<th>Select the language for the menu from the list.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Time zone</td>
<td>Select a time zone from the list.</td>
</tr>
<tr>
<td>Time format</td>
<td>Select either a 12 or a 24 hour clock format.</td>
</tr>
<tr>
<td>Time</td>
<td>Fill in the current time.</td>
</tr>
<tr>
<td>Date format</td>
<td>Select from three date formats which show either the month (MM), the day (DD), or the year (YYYY) first.</td>
</tr>
<tr>
<td>Date</td>
<td>Fill in the current date.</td>
</tr>
</tbody>
</table>

Continuous Recording

Set the Continuous Recording Resolution, Quality, Frame rate, Covert, and Audio for each profile in the table.

Network

| DVR name | Enter a unique DVR name to be used in the network. |
| DHCP     | Enable DHCP to have IP address, subnet mask, and default gateway assigned automatically by the network server. The actual values are displayed. |
| IP address, Subnet mask, and Gateway | Fill in the IP, subnet mask, gateway addresses, and DNS server addresses when DHCP is not enabled. |
Operating instructions
