

IUI-EZ1-NEW Oval Control Center

www.boschsecurity.com

BOSCH

Invented for life

- ▶ Voice-guided menu programming
- ▶ Fully voice-operated panel
- ▶ Operation of control center via voice and icons
- ▶ Listen in and speak in onboard audio alarm verification

The user interface for the Easy Series intrusion control panel. It speaks in your local language while showing animated, color-coded icons on the screen to reinforce the spoken words. It includes a speaker and a microphone; the speaker projects tones and speaks instructions, you use the microphone to speak with monitoring facility personnel. For core functions (protection level, silence, reset), you can either use a proximity token or use keys to type in a PIN. Use the function buttons to control volume; control chime mode; add, delete, or change users; and sends alarms for fire, police, or medical personnel. Includes a bubble level tool to help you quickly and accurately position the control center during installation.
